Media Release

OFF THE WALL, a Capricornia Printmakers Exhibition, 17-28 September 2019, Walter Reid Cultural Centre.

Exploring the theme of 'OFF THE WALL', the Capricornia Printmakers present a range of unique and variable editions of original fine art prints—on paper, artist books and sculpture.

In other words, we've challenged our members to create fine art print works that don't necessarily hang on the wall. The work areas, benches and open spaces in our WRCC studio provide the ideal venue for such an exhibition and related "Pop Up Shop".

Exhibition continues 17-28 September: Weekdays 11am-2pm, Weekends 10am-2pm. Opening Night 6pm Friday 20 September.

Capricornia Printmakers Inc are a keen group of established and emerging printmakers based in Rockhampton & the Capricorn Coast. Working in a variety of printmaking formats some members have their own studios (work or home) in addition to the CPI studio at the Walter Reid Cultural Centre. See the attached A5 poster for a list of exhibition participants.
