

Capricornia Printmakers Inc. Studio Access

The use of Capricornia Printmakers Studio is only available to CPI members or participants in a workshop or activity being conducted by CPI.

Full Studio Access

Full Studio Access included as part of your annual membership allows you to use the studio and equipment, including the press and the MiScreen system at any time. If you did not include Full Studio Access when you paid your annual membership it can be added later. Note that studio access may not be available if someone has booked the studio for exclusive use (see below).

Single Day Studio Access

If you have not included Full Studio Access in your annual membership you can purchase access for a single day. Note that if you purchase 4 single day passes in one year, you will be credited with full studio access for the rest of the year.

Exclusive Use of Studio and/or Equipment

Members may also book the studio and/or the press or other equipment for their exclusive use for an additional fee e.g. for editioning a print without being interrupted by others using the press or to use the studio for a workshop or meeting. Exclusive use can be booked for a half-day (up to 4 hours) or a full day (more than 4 hours).

Exclusive use must be booked **in advance** by email to CPI to allow other members to be advised.
